

## Free Take-Off Service

Our goal at US Tray is to provide an industry leading customer experience, offering unmatched information and services for all of our products.

Performing takeoffs can be time consuming for busy contractors, our free service does it for them. US Tray's free cable management Take-Off service saves contractors the time required to put together a Bill of Materials (BOM) for their projects by doing it for them.

Simply submit your cable tray / wire basket drawings and specifications to **takeoffs@atkore.com** and one of our dedicated technical product engineers will review and provide a complete BOM and quote within 48 hours!

### Need It Sooner?

Special requests (BOM by drawing, floor, area)? Custom parts? We do all that!
